OLD GUARD AT BAY, IS READY TO FIGHT

(Continued From First Page)

New Jersey. The Barnes movement will strike a jarring note. Barnes looks for reaction. But he does not view it in this light. He and his friends claim that a reaction is coming against the spread of radicalism in the party throughout the country. They think that New York Republicans can afford to take the advance step.

They have the temerity to take issue with Hughes and Roosevelt in their estimate of popular sentiment. We will see how it works out. William Loeb was much cast down at the saucy slap administered his gubernatorial prospects by the boss of Albany county, who reminded him that no Republican ever got the nomination for Governor without the support of his county.

In the roll call Albany county leads off. The tall figure of William F. James casting its vote for some other than

Loeb would have a discouraging effect upon the Loeb boom.

However, Loeb's friends are telling him to cheer up, that this was merely a rebuke for his partisanship against Barnes in the direct nominations contest. They say that William Barnes will listen to the voice of reason when it comes to the final dickerings in State convention.

TOOK A HIGH TUMBLE

Aeroplane Falls 100 Feet When En-gine "Goes Dead."

Pittsburg, Kan., July 6.—Arch Hoxsey, in a Wright biplane, dived almost straight downward from a height of 100 feet here yesterday after his engine had gone dead. The machine was demolished, but Hoxsey crawled from mass of planes, wires and stays unhurt.

Hoxsey was soaring along evenly at a height of 500 feet when his motor stopped. Hoxsey tilted his plane and floated down gently to about 100 feet of the ground. When one of the plane stays gave way the aeroplane nose dropped, and the machine crashed to earth.

Underwood and Edward Everett Wright were retired to-day, their retirement to date back to June 30. This trio of compulsory transfers completes the quota of fourteen vacancies necessary in the active list to permit promotions under the "new blood" provisions of the naval personnel act.

The selections made by the board of five admirals surprised naval officers. Captain Veeder is superintendent of the naval observatory at Washington; Captain Underwood commands the receiving ship Independence, and Captain Wright commands the naval station at Guantanamo, Cuba. No successors having yet been chosen, these officers will remain in their present commands for the present.

Captain Veeder, in charge of the observatory, a little over a year ago, was a lieutenant, and had twenty-one years of sea service and sixteen ashore. Captain Wright, from Massachusetts, has had almost twenty years sea service and nearly fourteen ashore.

STICKS TO SINKING SHIP

Captain Picked Up by Waiting Crew in Small Boat.

New York, July 6.—Four men, the captain and crew of the two-masted schooner Garfield White, which sank last evening seven miles east of the Ambrose channel lightship, were rescued to-day by the men of the Rockaway Beach Life-Saving Station.

The four men who had drifted about all night in a small boat, were so exhausted that they had to be carried up the beach. They were soon put in shape by physician's attention.

Capt. G. G. Morrison, of the schooner, said that his vessel sprung a leak amidships shortly after sailing yesterday from Perth Amboy for Nova Scotia, with 173 tons of coal. The pumps failed to keep up with the influx, and the vessel began to settle.

The two sailors and the cabin boy, comprising the entire crew of the schooner, put off in the ship's boat

PRESIDENT BEGINS VACATION

Not An Entry on His Engagement Book for Ten Days.

Beverly, Mass., July 6.—With not a single entry in his engagement book for the next ten days, President Taft began his real vacation period to-day.

The President will go over his more important mail for an hour each afternoon. The remainder of the day will be his to do as he pleases. The President's summer schedule has about narrowed itself down to golf in the morning and either a long automobile ride or a short sail in the Sylph in the afternoon.

MILLERS LOSE CASE

Jury Declares Flour Was Adulterated and Misbranded.

Kansas City, July 6.—The jury in the bleached flour case this afternoon returned a verdict that the flour seized was adulterated and misbranded, as charged by the government.

The verdict was returned in the Federal court after seven hours' deliberation by the jury that for more than five weeks had listened to testimony for and against the charge of the government that 625 sacks of flour, bleached and sold by the Lexington Mill and Elevator Company, of Lexington, Neb., and seized by the government while in the possession of the purchaser, a grocer at Cassia, Mo., were adulterated and misbranded.

The verdicts of adulterating and misbranding were a complete victory for the government, which prosecuted the suit under the pure food and drug act. The government charged that the flour was adulterated, in that it was bleached by the alkali process, which makes use of nitrobenzine in bleaching flour. Misbranding was charged, in that the flour was labeled as a fancy patent, whereas it was not made of first grade, hard winter wheat.

Attorneys for the millers will file a motion for a new trial within twenty days. If the motion is overruled the case will be carried to the Circuit Court of Appeals. Millers say that the bleached flour decision will handicap farmers of the Southwest \$15,000,000 a year.

BLACK CLAIMS FRAUD

Carries Fight Against Daisek to Common Pleas Court.

Pittsburg, Pa., July 6.—Counsel for Dr. Robert J. Black, former Mayor of McKeesport, Pa., who contests the republican renomination of Representative John Daisek in the Thirtieth District, filed a petition in Common Pleas Court to-morrow to set aside the election of Daisek to the office of commissioner to recount the ballots.

He claimed, with other things, that Daisek, a resident of McKeesport, was ineligible to hold office, because he was not a citizen of the United States. The case will be heard by Judge Cohen.

It also is claimed that fraud was committed in county votes in sixty-six precincts, and that a recount would give Black a majority of 1,000. The injunction issued by Judge Cohen against a recount on the ground that petitions charging fraud must be signed by ten voters in each precinct, also was attacked.

The court took the appeal under consideration.

think they are pictures that women and children should see.

There would be no race riots here as a result of the Jeffries-Johnson pictures, because the police force is amply able to preserve order. When night pictures have been shown here, and no trouble resulted. The Ketchell-Johnson pictures were shown, and nothing happened. Ketchell is a white man, and the negro Johnson, who whipped Jeffries, licked Ketchell.

If any theatre in Richmond desired the right pictures any time about the cost would be enormous, and their production here would not prove profitable, to say nothing of the policy of showing them to women and children. We don't want subjects that are not fit for the best people and the women and children see.

Prohibited in Newbern. [Special to The Times-Dispatch.] Newbern, N. C., July 6.—Acting upon a request from a number of prominent citizens, Mayor McCarthy this afternoon issued an order prohibiting the proposed exhibition of the moving pictures of the Jeffries-Johnson fight in this city. This was done in order to suppress as much as possible any race hatred.

Pictures Barred in Suffolk. [Special to The Times-Dispatch.] Suffolk, Va., July 6.—In line with various other cities, Suffolk to-day pronounced a bar against the Jeffries-Johnson pictures. Mayor John B. Norfleet declared his opposition to the thing prejudicial to race amity, and he classes the fight films as a strong irritant. Mayor Norfleet has a right to invoke police aid if necessary. Manager Harrig, of the Academy of Music, to-day stopped to have his shipment of films seized.

No Interference in Roanoke. [Special to The Times-Dispatch.] Roanoke, Va., July 6.—Mayor Joel Holloman Cutchin, of Roanoke, did not interfere with the exhibition of the Jeffries-Johnson prize fight pictures here. Negroes are not allowed in the local moving picture places, and no trouble is feared when the pictures are put on in this city.

Barred From Maryland. Baltimore, Md., July 6.—Governor Austin L. Crothers to-night announced that he would not permit the showing of the Johnson-Jeffries fight pictures in Maryland. This announcement followed a telegraphic appeal from William S. Shaw, of Boston, general secretary of the United Society of Christian Endeavor, asking that the Governor of Maryland join others in prohibiting exhibitions of the pictures.

Cardinal Gibbons to-day declared his opposition to the exhibition of the Johnson-Jeffries fight pictures in Baltimore, or elsewhere, saying: "It would be wrong to show these horrible pictures—first, because the children have to be protected, and it is the children who would be most seriously affected if such exhibition were allowed; and the proper authorities should see to it that the young men, and young women, too, are given the protection that is their due. The showing of the pictures would have a bad effect upon the men and women of the community also, and would, I think, tend to induce attacks upon the blacks."

Can't Show in Boston. Boston, Mass., July 6.—Mayor Fitzgerald stated positively this afternoon that he would not allow the Johnson-Jeffries pictures to be shown in Boston.

House Takes Action. Baton Rouge, La., July 6.—The House of Representatives passed a resolution to-night urging the Mayors and police authorities of all towns and cities of Louisiana to prohibit by ordinance or otherwise the showing of moving pictures of the Johnson-Jeffries prize fight.

Will Resort to Courts. Philadelphia, July 6.—That the moving picture syndicate, owning the Johnson-Jeffries fight films will resort to the courts of the several States to determine their right to produce the pictures was indicated here to-day when one of the best known moving picture men in the country, who has a big interest in the syndicate, said that the agitation against the displaying of the pictures would be fought.

He said that too much money had been invested by the syndicate which represents twelve different interests to stand by and see the fight pictures prohibited without making a fight to determine the right of city authorities to stop the display. The pictures, it was further announced, would be placed on public view in New York, Boston, Philadelphia, Chicago and several other cities on July 15.

Mayor Furber said to-day that there will be no interference with the pictures in this city.

Council Prohibits Them. Atlanta, July 6.—By a practically unanimous vote the Atlanta City Council to-day passed an ordinance prohibiting the production here of moving pictures of the Johnson-Jeffries prize fight, violation being \$500 fine, thirty days imprisonment and the forfeiture of the offending theatre's license.

Not Permitted in Frisco. San Francisco, Cal., July 6.—Mayor P. H. McCarthy announced to-day that under no circumstances would the exhibition of the Johnson-Jeffries fight pictures be permitted in San Francisco.

Will Enforce the Law. Indianapolis, Ind., July 6.—Governor Thomas R. Marshall to-day said he was opposed to the exhibition of the Johnson and Jeffries fight pictures in Indiana.

"If there is any law to prevent the exhibition it will be enforced," said the Governor.

New Orleans Acts. New Orleans, La., July 6.—Mayor Beerman to-day said he would not permit the exhibition of the Johnson-Jeffries fight pictures in New Orleans.

Child Seriously Burned. Norfolk, Va., July 6.—Rachet, the five-year-old daughter of Robert B. Walker, of Park View, Portsmouth, was dangerously and probably fatally burned to-day about the body and face. The child was playing about the stove and its dress ignited.
